```
{ "success": false, "message": "Validation failed", "errors": [] }
```

3. Authentication APIs

Base Route:

/api/v1/auth

POST /login

POST /logout

POST /forgot-password

POST /reset-password

GET /session

4. User APIs

Base Route:

/api/v1/users

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

POST /:id/reset-password

POST /:id/activate

POST /:id/deactivate

5. Role APIs

Base Route:

/api/v1/roles

GET /

POST /

PATCH /:id

DELETE /:id

GET /:id/permissions

POST /:id/permissions

6. Company APIs

Base Route:

/api/v1/companies

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

GET /:id/contacts

GET /:id/leads

GET /:id/requirements

GET /:id/placements

7. Contact APIs

Base Route:

/api/v1/contacts

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

8. Lead APIs

Base Route:

/api/v1/leads

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

POST /:id/assign

POST /:id/convert

POST /:id/archive

9. Requirement APIs

Base Route:

/api/v1/requirements

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

POST /:id/assign-recruiter

POST /:id/close

10. Candidate APIs

Base Route:

/api/v1/candidates

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

POST /:id/upload-resume

GET /:id/resume

GET /:id/applications

GET /:id/interviews

11. Application APIs

Base Route:

/api/v1/applications

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

POST /:id/change-stage

POST /:id/assign

12. Interview APIs

Base Route:

/api/v1/interviews

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

POST /:id/reschedule

POST /:id/cancel

POST /:id/feedback

13. Placement APIs

Base Route:

/api/v1/placements

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

POST /:id/generate-invoice

14. Timesheet APIs

Base Route:

/api/v1/timesheets

GET /

POST /

GET /:id

PATCH /:id

POST /:id/approve

POST /:id/reject

15. Invoice APIs

Base Route:

/api/v1/invoices

GET /

POST /

GET /:id

PATCH /:id

POST /:id/send

POST /:id/mark-paid

16. Template APIs

Base Route:

/api/v1/templates

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

POST /:id/clone

17. Workflow APIs

Base Route:

/api/v1/workflows

GET /

POST /

GET /:id

PATCH /:id

DELETE /:id

POST /:id/activate

POST /:id/deactivate

18. Notification APIs

Base Route:

/api/v1/notifications

GET /

GET /:id

POST /:id/read

POST /mark-all-read

19. Report APIs

Base Route:

/api/v1/reports

GET /

POST /generate

GET /:id

GET /:id/download

20. Dashboard APIs

Base Route:

/api/v1/dashboard

GET /executive

GET /manager

GET /recruiter

GET /analytics

21. Audit APIs

Base Route:

/api/v1/audit-logs

GET /

GET /:id

22. API Key APIs

Base Route:

/api/v1/api-keys

GET /

POST /

DELETE /:id

23. Webhook APIs

Base Route:

/api/v1/webhooks

GET /

POST /

PATCH /:id

DELETE /:id

POST /:id/test

GET /:id/deliveries

24. Tenant APIs

Base Route:

/api/v1/tenant

GET /

PATCH /

GET /branding

PATCH /branding

25. Search APIs

Base Route:

/api/v1/search

GET /global

Search Across:

Companies

Contacts

Leads

Requirements

Candidates

Placements

26. API Middleware

Every API Request

Authentication

Tenant Validation

Permission Validation

Zod Validation

Controller

Service

Repository

Prisma

Database

27. Pagination Standard

?page=1

&limit=25

&sort=createdAt

&order=desc

28. Filtering Standard

?status=OPEN

?assignedTo=userId

?companyId=id

29. API Security

Rate Limiting

Input Validation

Tenant Isolation

RBAC

Audit Logging

Soft Deletes

30. Future APIs

WhatsApp

AI Assistant

Resume Parser

Client Portal

Candidate Portal
